

Human Impact

Across

- 4 nontarget organisms captured by fishing gear
- 7 fishery under pressure due to the sushi market (2 Words)
- 11 ocean sea floor feature over which most fisheries operate (2 Words)
- 15 toxic dinoflagellate in NC waters resulting from degraded ecosystems (2 Words)
- 17 species that is also known as introduced or alien
- 18 most famous fishery collapse in the North Atlantic
- 19 fish farming
- 20 menu item causing depletion of shark populations (3 Words)
- 21 species that is in danger of becoming extinct

Down

- 1 the largest number of fishes that may be caught without diminishing stocks (3 Words)
- 2 capture of organisms by lost fishing gear (2 Words)
- 3 accumulation of toxins up the food chain
- 5 largest oil spill in US history (2 Words)
- 6 process by which the ocean pH is dropping
- 8 unsustainable depletion of a shared resource (4 Words)
- 9 pollutants not tested in US rivers that humans digest every day
- 10 marine fish farming
- 12 second largest oil spill in US history (2 Words)
- 13 accumulation of toxins within an individual
- 14 species that is in danger of becoming endangered
- 16 anadromous species that has been successfully grown using fish ranching
